DIMENSIONS

W 58 CM / D 53 CM / H 80,5 CM / SH 45,5 CM
Armrest Height: 67 CM

The Elephant Chair is a dining chair version of the popular Elephant Lounge Chair. With a gently curved back with the same soft curve as the lounge chair and a sculptural wood base the Elephant Chair brings comfort to the table.

To add even more comfort we are introducing an Elephant Chair with armrests. The armrest is made of bent oak and provides firm support. The design is a new and modern touch to traditional Scandinavian dining chairs and the armrest with its strong lines gives an interesting contrast to the soft shapes of the Elephant.

- Available with w/o upholstery or with front upholstery.
- Produced with FSC certified oak and coated with water-based clear lacquer.
- Replaceable upholstery plates.
- Frame based on the proven L2 tested NY11 Chair frame.
